PROFILE

Civil Engineering student with interdisciplinary expertise in engineering technology, automation, and cybersecurity. Experienced in Python scripting, Linux systems, and infrastructure-related problem solving. Passionate about combining engineering knowledge with programming and automation.

EDUCATION

Bachelor of Civil Engineering

University of Engineering and Technology Taxila
2023 – 2027

Key Areas:

- Structural Engineering
- Engineering Mechanics
- GIS / Construction Management
- BIM Fundamentals

LANGUAGES

English Full Professional
Urdu Native

CERTIFICATIONS

Cybersecurity

- Google Cybersecurity Certificate
- Cybersecurity for Everyone (UMD)
- Network Security (Alison)

Engineering

- AutoCAD 2D & 3D (Udemy)
- BIM Fundamentals (L&T EduTech)
- Structures (Dartmouth College)

Technology

- CS50x (Harvard University)
- AI for Everyone (DeepLearning.AI)
- Linux Terminal (Udemy)

Project Management

- Construction PM (Columbia)
- PM Essentials (Howard)

Psychology

- Psychological First Aid (JHU)
- Intro to Psychology (Yale)

TECHNICAL SKILLS

Engineering AutoCAD, BIM, GIS/QGIS, Structural Analysis
Programming Python, Bash, MATLAB, Simulink, HTML/CSS/JS
Infrastructure Linux, Docker (basic), Git/GitHub
Cybersecurity Network Security, Nmap, Wireshark

PROJECTS

Concrete Mix Design Calculator

Web App

- Developed web-based engineering calculator using HTML, CSS, JavaScript
- Implemented ACI 211.1 Absolute Volume Method for mix proportions
- Deployed online for public access

Simulink Concrete Mix Designer

MATLAB/Simulink

- Built automated mix design system for grades M25 to M45
- Implemented engineering logic for cement, water, aggregate calculations

Soil Classification Automation Tool

MATLAB

- Developed tool implementing USCS and AASHTO standards
- Automated soil data analysis for foundation suitability

Open Source Contribution

Supabase-Python

- Contributed to official supabase-py repository
- Submitted PR improving Python SDK functionality

Automation Content Pipeline

Python

- Built workflow for RSS integration and image generation
- Implemented Excel-based content management system

ADDITIONAL INFORMATION

Interests

Automation systems, Infrastructure technology, Open-source, Engineering innovation

Activities

Calisthenics, Strength training
